

# BAGGING MACHINE FOR OYSTERS AND OTHER SHELLFISH

## PRECISION – PERFORMANCE – RELIABILITY

Our bagging machine is designed for the precise and fast packaging of seafood products such as oysters, mussels, clams and other shellfish.

Available in manual or automatic version, it ensures accurate weighing and efficient packaging perfectly adapted to the needs of professionals in shellfish farming and processing.

### HIGH-PRECISION MANUAL / AUTOMATIC BAGGING MACHINE

Weighing tolerance of 20 grams.

### 15 OR 20 KG BUCKETS

Depending on your needs.

### BUCKET CONVEYOR BELT

Specifically designed for the transport of shellfish (oysters, mussels, clams, etc.).

### AUTOMATIC DOOR OPENING

Bagging with automatic opening doors.

## AVAILABLE IN MANUAL OR AUTOMATIC VERSION

### INTEGRATED EQUIPMENT

#### TOUCH SCREEN

Simple and intuitive control.

#### AUTOMATIC REVERSE DRIVE

Automatic reverse function.

#### POCKET COUNTER

Tracks the number of pockets.

#### AUTOMATIC TARE

Automatic tare between each weighing.

TECHNICAL SPECIFICATIONS		
	Weighing tolerance	20 grams
	Bucket capacity	15 or 20 kg
	Conveyor belt	Conveyor belt adapted to shellfish (oysters, mussels, clams, etc.).
	Opening	Automatic doors
	Material	316L stainless steel
	Hardware	Stainless steel A4
	Environment	Corrosion resistance in marine environment

### PRODUCTION MONITORING AND MAINTENANCE

Our machines allow:

Real-time production monitoring

Traceability of lots

Remote maintenance for optimal uptime

### MODERNIZATION OF EXISTING MACHINES

Customers who purchased a Hardouin bagging machine between 1999 and 2003 may upgrade their machine with a modern industrial automation system to improve performance and extend the service life of their equipment.

## BUILT TO LAST, DESIGNED TO PERFORM

A reliable and robust solution for optimal daily performance.
